

Renters' Day of Action: March & Rally

Sacramento, CA

February 18, 2014 at 9:30am

Across the state, renters face unfair evictions by real estate speculators, rising rents, and slumlords that won't make repairs. Now more than ever, renters need relief.

On February 18, 2014, renters and allies will unite in Sacramento for a march on the Capitol to demand a fair shake for California renters.

Our Demands:

End Evictions by Speculators

Reform the Ellis Act!

Thousands of tenants are being displaced by real estate speculators. Give cities the tools they need to protect residents from eviction.

Create Affordable Housing

Homes & Jobs!

Build safe and affordable homes for Californians in need.

Relief for Renters

Reinstate the renters' rebate!

Five years ago, Schwarzenegger vetoed funds for the renters' rebate. The funds must be restored.
